Homework Six

Physics and Math of Sustainable Energy

College of the Atlantic

Due Friday October 23, 2026

There are two parts to this assignment.

Part 1: WeBWorK. Do Homework 06 which you will find the WeBWorK page here: `https://webwork-hosting.runestone.academy/webwork2/coa-feldman-es1056i-fall2026` I recommend doing the WeBWorK part of the homework first. This will enable you to benefit from WeBWorK's instant feedback before you do part two.

Part 2: Problems from the Textbook. Here are some instructions for how to submit this part of the assignment.

- Do the problems by hand using pencil (or pen) and paper. There is no need to type this assignment.
- Please scan your work and submit on google classroom.

The problems you should do are from **Chapter 26** of the book:

Chapter 26

1. 26.3
2. 26.4
3. 26.6
4. 26.7

Note: For Chapter 26 problems 3 and 4, you should not have to do difficult or lengthy calculations. If you find yourself doing more than a line or two of math, stop and ask for help!
